Remarks to Notice of Abandonment

A petition for revival of an application for patent abandoned unintentionally under 37 CFR 1.137(b) together with the appropriate fee accompanies this Amendment.

The Notice of Allowability dated 2 November 2005 refers to changes to the drawings required by Examiner's Amendment/ Comment or in the Office Action of 25 October 2005. No specific reference to the nature of the required corrections of drawings is noted on the Patent Office file. A subsequent telephone conversation with the Examiner following receipt of a Notice of Abandonment provided clarification and replacement pages are attached hereto.

The Assignee submits that the requirement for replacement drawings was unintentionally overlooked prior to payment of the Issue Fee.

Conclusion

All of the stated grounds of objection and rejection have been properly traversed, accommodated, or rendered moot. Assignee therefore respectfully requests that the Office reinstate this patent.

Respectfully submitted,
CAMBIA
